There's a ton of little details like that I've started to notice. And now True Colors where the sacrificed start to embrace the weirdness of this afterlife. — KVG_DCKEEP SACRAMENTO WEIRD — 2muchcoffeemanMandarins' show is so deliciously weird!! So enthralling! Love it!!! — Higgyi love how the battery marches on the prop as it moves. so simple but so awesome — ZachDrumCorpsTarps make the field into a giant eye from up high. It's a Very Fine Design. — KVG_DCMandarins need to break top 10. What. A. Show. They were on FIRE. — kinetic inferno11If they somehow miss finals, they should release their own blu ray disc of this season. — DVG_DCnever notice guards. Mandarins guard caught my attention and held it. They're absolutely fantastic. I've never seen anything like this show before. What a unique show. — shofmon88I'm nuts about that show. Mandarins really hit it out of the park the year. That trombone gliss up on the final chord made every ounce of me smile with joy. — Jake W.Wow, just could not stop watching for a moment. Riveting. Thank you Mandarins and J.W. for a truly unique show design this year.! — HouserCDEvery component of that Mardarins show is now finals worthy. I was concerned about the snare line earlier in the season. They have done the work and cleaned it. They're ready. — 27SocalWOW Mandarins…so much to :inlove: in that show…as creepy as it is…haha Awesome guard…great brass..a show with an interesting theme… BRAVO! — LiahonaI don't always like dark and creepy shows. Mandarins does it for me. I liked it much better in person – the camera just doesn't capture it well. — TerriTroopFresh & unique is the best way to say it. They've really managed to put something on the field that's pretty different than the vast majority of what has been done in years passed. And that fresh spin on the activity from a non-top 6 corps, nonetheless. Gotta love that. — Jake W.Well, it seems pretty clear to me that the strongest section in the Mandarins Corps this season is their Guard. So far, this is the best show integrated Guard of any of the Corps thats performed so far. Thats how you do it. Other Corps in close proximity to the Mandarins placement wise the last few years, might want to study how the Mandarins feature their Guard in this years 2018 production to see how and why they are moving up the pecking order. Mandarins Percussion is not all that strong this season in their mix of Corps at this level either. It need not be however. Congrats to the Mandarins for figuring out what drives the points on the current sheets. They are a lock for Finals now, and deservedly so, imo — BRASSOI agree, Mandarins guard is SUPER STRONG. It makes a HUGE difference! I am still in total awe after watching them. Absolutely incredible. I can remember when they were at the bottom and their biggest competition was Pioneer. Zero offence meant to Pioneer, of course. I love Pio! But I'm so happy to see the Mandarins rise to finals, and my hope is that Pioneer will someday take that leap as well! What a crazy amazing year for drum corps! I'm loving every moment of it! — r_karolsson Sheet music is the format in which songs are written down. Sheet music begins with blank music staff paper consisting of graphs that have five lines and four spaces, each of which represents a note. Songwriters who compose songs in standard musical notation use staff paper to create sheet music, which can then be passed on to musicians who interpret the sheet music for a music performance. Today, making your own sheet music is easier than ever. With notation software such as Finale, or the free web-based Noteflight service, anyone can turn their musical ideas into professional music sheets. Use Noteflight to get started (see "Resources). Noteflight is a free web-based music notation service that allows you to write, print, and even save your sheet music as music files for playback. Noteflight has a clean, easy-to-use interface that makes it possible for even a beginner to create a song in sheet music. Since Noteflight allows you to listen to to what you've written, you can experiment with different notes until you create something that sounds good, even if you are unfamiliar with music composition. Create a Noteflight account and log in to begin creating your sheet music. You can begin writing your song immediately. At the top of the page, located on a toolbar, click "New Score" to create a blank sheet music document. Select whether you want your sheet music private or shared. Noteflight presents you with a blank music sheet in the Key of C with a 4/4 time signature. Click "Edit Title" at the top of your sheet music and type in the name of your song, then click "Edit Composer" and type your name. Make any changes necessary to your key signature or time signature on the "Score" menu with either the "Change time signature" or "Change key signature" command. Add notes and rests to your sheet music by clicking on the blank music staff. A notehead appears, and you can drag and click where you want the note to appear. You can also use the floating palette to select different note durations. As you insert your notes, Noteflight will automatically reformat your sheet music to keep the proper number of beats per bar. To listen to what you have written at any point, go to the "Play" menu and select the playback option you want. Print your sheet music when you finish composing your song. The result will be a professional score of your song composition. You can also use Noteflight to make an audio file of your composition. Noteflight lets you assign actual instrument sounds to the appropriate parts. Go to "File" and select "Export" to save your finished sheet music as an MP3 or wav file. This allows you to take an example recording to your band. Wander with us as we travel through our minds and over the road on a journey to reveal who we really are. As passengers observing our own trip, we contemplate the hazy connection between reality and unreality, and experience anger, joy, fear, and beauty through the music, art, and people we encounter along the way. Inspired by the lucid dreamscape created by Brad Mehldau in the avant-garde jazz piece "Taming the Dragon", The Bluecoats 2022 production Riffs & Revelations explores the soundtrack to our dreams. From the avant-garde to modern classical, electronic music, and contemporary jazz, we bring this dream to life on a journey full of vibrant colors, giant stoplights, roving car parts, and the personification of characters who were once just figments of the imagination. Visual installation artists like Ant Farm and the contemporary music of Brad Mehldau, Anna Meredith, Forq, and Yun Sun Nah & Ulf Wakenius guide us as we wade through the subconscious in search of ourselves. Are we destined to lead or follow? Drive, or ride? Are we good or trouble? To find out, we must harness the creative power we all find in ourselves, sometimes only when we're asleep.
