

I'm not robot!

ACKNOWLEDGEMENT

It is always a pleasure to remind the fine people in the MSE University for their sincere guidance I received to uphld my practical as well as laboratory skills in Chemistry.

First of all, thanks to my parent for giving encouragement, enthusiasm and invaluable assistance to me. Without all this, I might not be able to complete this subject properly.

Second, I would like to thanks to Dr. Nor Azwan Ibrahim, Deputy Dean (Academic, SA and Alumni Division) for give us the opportunity to undergo industrial training abroad. She also gives me their guidance and support.

Thirdly, I also want to express my deepest thanks to Dr. Norhazlin Zamuddin as industry training advisory for Chemistry Department that has helped me a lot in dealing with industrial training placement. She had supported to me by showing different method of information collection about the university. She helped all time when we needed and she gave right direction toward completion of project.

Besides, I would like to thank Prof Takashi Matsura (Head and Senior Lecturer)Department of Bioresearch), Kozuka Takahisa, Raul santos, Yoshiko Yuki, and also Shingoro Arita (Teaching Assistant) of Bioresearch Laboratory for extending their friendship towards me and making a pleasure-bearing environment in the Bioresearch Laboratory.

Thanks also to Miss Misa Deguchi as a person in charge of international relations office of Mie University which has helped to manage matters related to this training industry. A paper is not enough for me to express the support and guidance I received from them almost for all the work I did there.

Finally I apologise to all other unnamed who helped me in various ways to have a good training.

ACKNOWLEDGEMENTS

A number of important Irish reports were prepared in the last three years on the subject of violence against women. The Task Force examined all these reports and would like in particular to mention three which had a considerable bearing on its work - the *Policy Document for Women's Refugees* (1994) from the Federation of Refuges, *Making the Links* (1995) by Women's Aid and the *Report of the Working Party on the Legal and Judicial Process for Victims of Sexual and Other Crimes of Violence Against Women and Children* (1996) by the National Women's Council.

The Task Force's work was also greatly assisted by the contributions made by the 130 people who attended a seminar and workshops held in the Killiney Court Hotel, County Dublin, on November 26th, 1996. The recommendations from the workshops were an important input into the Task Force's work. The Task Force would like to thank all those who attended the seminar and in particular the speakers - Olive Braiden, Dublin Rape Crisis Centre; Colm O'Connor, Director, Cork Domestic Violence Project; Monica Mc Williams, University of Ulster and member of the Northern Ireland Regional Forum on Domestic Violence; and Pmf. Rebecca Dobash, University of Manchester; and also Seminar Rapporteur, Carmel Duggan, Work Research Co-operative. A report of the day's proceedings, together with a list of participants, is set out in Appendix 1.

An excellent Conference on Violence against Women was organised by the Rotunda Hospital, Women's Aid, Irish Association of Social Workers and Centrecare in the Pillar Room of the Rotunda on 6th and 7th February 1997.

Research commissioned from Keldher and Associates provided an excellent background paper for the Task Force through summarising a large body of international research and findings on violence against women and on intervention programmes for abusive men.

The Task Force chairperson, together with members of the Secretariat, visited community projects in Letterfrack, Finglas, Ballyboden, and Inchicore; women's refuges in Navan and in Cork City; Cork and Dublin Rape Crisis Centres and the Sonas Housing Initiative in Killester. Meetings were held with Margaret Costello, President, Federation of Refuges; Anthony Cotter of the Probation and Welfare Service; MOVE; Evelyn Glynn, Team Resource Centre; Siobhán O'Halloran, West Clare Community Development Group and Anne O'Loughlin, President of the Irish Association of Social Workers.

Written submissions were received from Coolock Community Law Centre, Letterfrack Women's Group, County Galway; Family Resource Centre, St. Michael's Estate, Inchicore, Dublin 8; University Women of Europe; the National Rehabilitation Board, and from a number of individuals.

Finally, the Task Force would also like to thank the many bodies and individuals in both the public and voluntary sectors who assisted the work of the Task Force with submissions, information, and statistics,

SPVM Science Investigatory Project (SIP) Competition

The SIP Competition is part of the 18th SPVM National Conference at Silliman University, Dumaguete City on October 20-22, 2016. This activity aims to increase the level of awareness and promote science consciousness among our high school students. The subject areas in the SIP competition include physics, chemistry and biology. The competition is open to all junior and senior high schools from public and private schools with completed projects for the last three (3) years. All SIP participants are encouraged to submit one-page abstract and should pre-register at the website (<http://physics.msuiit.edu.ph/spvm>). The deadline of one-page abstract submission is on September 10, 2016. From the submitted abstracts, a short list will be provided by the screening committee to determine the oral and poster SIP presentors during the conference. All accepted SIP entries will be notified on October 5, 2016. There will be two categories in the competition: life science and physical science by individual or group entries.

Judging Criteria

The oral and poster presentations will be judged according to the following criteria:

- Knowledge gained in the project
- Scientific Method or engineering Goals
- Creativity
- Thoroughness and impact to the Society
- Accuracy of conclusions
- Quality of oral and visual presentations

Presentation Guideline

Oral presentation is allotted for 10 minutes with a power point presentation containing the following items:

- Brief introduction of the project, motivation and the identified problem of the study
- Summary of Methodology
- Results and Conclusion
- Recommendation

ACKNOWLEDGEMENT

I would like to express my special thanks of gratitude to my Chemistry teacher "Miss.Jaishree Jadhav" for their able guidance and support in completing my Project.

I would also like to extend my gratitude to the Principal Mam "Dr. Mrs. Komal Jain" and Vice Principal Sir "Mr. Swapnil Jain" for providing me with all the facility that was required.

DATE : 25/09/2017

Acknowledgement letter for immigration. Sample cover letter for investigator position.

you are confused about what you should write in the Recognition section for your English project and want a sample for your guidance and inspiration, this blog post is just for you. As similar to most of the acknowledgments you write, you are required to thank everyone who helped you complete the project. You need to recognize the contribution of everyone who helped you complete this project. You can include teachers, school, friends, family etc. These recognitions are for a simple school project. Then you can just write a few sentences to write a short and sweet recognition section. It's great if you include your university director, your friends and your family, or anyone you think helped you with this project. You can use the following recognitions as a sample or inspiration to write your own recognition version. If you are confused about what phrases to use or want to know how to write a formal recognition, you can check this post. Please do not copy these examples word to word, but try to create your own version. Also, do not forget to thank everyone for helping you with this project. Here are some samples that you can have inspiration. Thanks for the Project English 1 First of all, I would like to thank our English Professor (Professional Name) who guided us to do these projects. He gave us invaluable advice and helped us in difficult periods. Their motivation and help contributed tremendously to the successful completion of the project. In addition, we would like to thank all the teachers who helped us, giving us advice and providing the equipment we needed. I would also like to thank my family and friends for their support. Without this support we could not have managed to complete this project. Finally, but not least, we would like to thank all those who are ma ma I2 nemegedjelwonka tecejor s9Algn1. otejoj etejor rahlabart a maravimot e otejoj etejor etemelaer otelpmocni aires otenehmecnoer etse.
